Billing for CAPE LIGHT COMPACT

Electric Usage Summary

This month your average daily electric use was
65.8 kWh

This month you used
1.5% more
than at the same time last year

1.5 % USAGE

News For You

Residential customers will see a 25% reduction on your bill for February and March usage, reflected under "current charges for electricity." If Eversource is your energy supplier, starting Feb. 1, the supply rate for residential customers increased from 14.88 to 15.63 cents per kWh. This cost is directly passed on to you with no markup. This follows a delivery rate decrease that took effect Jan. 1. Overall, an average residential customer using 600 kWh per month will see a net decrease to their total bill compared to the previous month. To manage your bill visit eversource.com/winter-bill.

Important Messages About Your Account

Reading(s) estimated because we were unable to read your meter(s).

Because the billing period spans a change in the rates, your usage has been calculated partly on the old rate and partly on the new rate.

As part of ongoing efforts to reduce energy bill impacts, the Healey-Driscoll Administration is providing $180 million in funding to help reduce your electric bills this winter. For your electricity use from February 1, 2026, to March 31, 2026, the rate you pay will be reduced by 25%. Visit eversource.com/winterhelp for more information on the bill relief you can expect this winter.
